

# Hydrocar

The 21<sup>st</sup> century science kit !

Powered by  
**Horizon**

**Discover the hydrocar, a car that runs on clean energy technology!**

- Add water to the water tanks located in the back of the car
- Use the water ( $H_2O$ ) to produce and store oxygen ( $O_2$ ) and hydrogen ( $H_2$ )
- The car can turn around obstacles by itself, and is powered by clean hydrogen fuel
