# Safety Data Sheet (SDS)

This SDS is intended to comply with OSHA's Hazard Communication Standard, 29 CFR 1910 1200 (revised in 2012), specifically 29 CFR §1910.1200 Appendix D – Minimum Information for Safety Data Sheets (Mandatory). This revised OSHA standard incorporates guidance from the United Nations – Globally Harmonized System (GHS) of classification and labeling of chemicals. The user is directed to rely on this OSHA standard, related regulations and briefs which must be consulted for specific requirements regarding the sound management of chemicals. This SDS attempts to provide information on chemical hazards and communicate them to workers, consumers, emergency responders and the public. It is important to know what compounds are present or have been used in this product, the hazard (if any) each might represent to human health, the environment; plus, have and understand the means to control them.

| Section 1: Identification This section identifies the chemical on the SDS as well as the recommended uses. It also provides th   | e essential contact information of the supplier.   |  |  |
|--|--|--|--|
| Product Identifier (used on the label):  | Other Means of Identification (if any):  |  |  |
| BABY-UNSCENTED PURE CASTILE LIQUID SOAP  | N/A  |  |  |

| ection 4: First-aid Measures his section describes the initial care which should be given by untrained responders to an individual who has been exposed to the chemical. |   |   |  |
|--|---|---|--|
| Necessary first-aid ii   | DESCRIPTION OF THE MOST IMPORTANT SYMPTOMS OR EFFECTS, AND ANY SYMPTOMS WHICH ARE ACUTE (IMMEDIATE) OR DELAYED: | RECOMMENDATIONS FOR IMMEDIATE MEDICAL CARE AND SPECIAL TREATMENT NEEDED, WHEN NECESSARY:  |  |
| Inhalation   | None expected, however, certain individuals may be sensitized and experience minor nausea or headaches.         | Remove affected person to fresh air; if symptoms persist seek medical attention.  |  |
| Skin Contact   | None expected, however, prolonged contact may cause irritation  | Remove contaminated clothing; wash affected area with soap and water; launder contaminated clothing before reuse; if irritation persists, seek medical attention. |  |
| Eye Contact  | May cause irritation  | Flush with water for 15 minutes. If irritation occurs seek medical attention.   |  |
| Ingestion  | May cause gastric distress, vomiting and diarrhea.  | Give two glasses of water for dilution; do not induce vomiting; seek medical attention.   |  |

| Section 5: Fire-Fighting Measures  This section provides recommendations for fighting a fire caused by the chemical. |                                     |  |
|--|-------------------------------------|--|
| Suitable Extinguishing Media: Water fog, dry chemical, chemical foam, CO2  | Unsuitable Extinguishing Media: N/A |  |
| Specific Hazards Arising from the Chemical: None Known   |                                     |  |
| Special Protective Equipment and Precautions for Fire-Fighters: Wear self-containe                                   | d breathing apparatus.              |  |

Section 6: Accidental Release Measures This section provides recommendations on the appropriate response to spills, leaks, or releases, including containment and cleanup practices to prevent or minimize exposure to people, properties, or the environment. It may also include recommendations distinguishing between responses for large and small spills where the spill volume has a significant impact on the hazard.

Personal Precautions, Protective Equipment, and Emergency Procedures: Refer to "Section 8 – Exposure Controls / Personal Protection"

Methods and Materials for Containment and Cleaning Up:

Wipe up with absorbent material (e.g. cloth, fleece). Scoop up into containers. Wash spill area with water.

# Section 7: Handling and Storage

This section provides guidance on the safe handling practices and conditions for safe storage of chemicals.

Precautions for Safe Handling: Keep containers closed when not in use; Protect containers from abuse; Protect from extreme exposures.

Recommendations for General Hygiene Practices: Always practice good hygiene, wash hands after contact.

Conditions for Safe Storage, Including Any Incompatibilities: Keep containers closed when not in use; Protect containers from abuse; Protect from extreme exposures.

| OSHA Permissible Exposure Limit (PEL): N/A  ACGIH Threshold Limit Value (TLV): N/A |  |   | Other exposure limit used or recommended by the manufacturer:  N/A |  |

#### Section 13: Disposal Considerations (Non-Mandatory)

This section provides guidance on proper disposal practices, recycling or reclamation of the chemical(s) or its container, and safe handling practices. To minimize exposure, the reader should refer to Section 8 of this SDS.

#### Waste Disposal Method:

Dispose of waste including this product must be in accordance with local, state and Federal regulations. Products classified as non-hazardous may become hazardous waste upon contact / mixing with other products. Refer to "40 CFR § 260-299" for complete waste disposal regulations.

The Information contained herein is believed to be accurate, but is not warranted to be so. Users are advised to confirm in advance of need the information is current, applicable and suited to the circumstances of use. Vendor assumes no responsibility for injury to vendee (purchaser / customer) or third persons, if the reasonable safety procedures alluded to herein are not adhered to as stipulated in this safety data sheet. Furthermore, vendor assumes no responsibility for injury caused by abnormal use of this material even if reasonable safety procedures are followed.

#### Section 1

### **Chemical Product and Company Information**

# **HOME SCIENCE TOOLS**

665 Carbon Street Billings, MT 59102 800-860-6272 www.homesciencetools.com CHEMTREC 24 Hour Emergency

Phone Number (800) 424-9300

**Product CH-WATBEAD** 

Synonyms Copolymer of Sodium Acrylic Acid and Acrylamide; Water Gel Beads, Superabsorbent Polymer, Crystal Soil

Section 2 **Hazards Identification** 

Signal word: Not classified. Pictograms: GHS07/ GHS08 Target organs: None known.

Ca Prop 65 - This product does not contain a chemical known to the State of California to cause cancer, birth defects, or other reproductive harm.

Section 3 **Composition / Information on Ingredients** Chemical Name C.A.S. Number % Copolymer of Sodium Acrylic Acid and Acrylamide N/A >90%

First Aid Measures

**INGESTION:** If ingestion of a large amount does occur, seek medical attention.

**INHALATION:** If inhaled, move to source of fresh air. Seek medical attention if symptoms persist.

EYE CONTACT: Immediately flush eyes with plenty of water for at least 15 minutes. In case of persistent eye irritation, seek medical

SKIN ABSORPTION: Remove dust from skin with soap and water.

Section 5 **Fire Fighting Measures** 

Suitable Extinguishing Media: Dry chemical, foam, carbon dioxide, water fog.

Protective Actions for Fire-fighters: In fire conditions, wear a NIOSH/MSHA-approved self-contained breathing apparatus and full

protective gear.

Specific Hazards: Extremely slippery conditions are created if spilled product comes in contact with water.

### **Accidental Release Measures**

Personal Precautions: Use proper personal protective equipment as indicated in Section 8. Provide adequate ventilation. Environmental Precautions: Keep traffic in the area of a spill to a minimum. Use caution after contact of product with water, as extremely slippery conditions will result. Residuals may be flushed with water into the drain for normal wastewater treatment. Containment and Cleanup: Recover for use if not contaminated. Sweep or vacuum up and place in a suitable container for proper disposal. Wash spill area with soap and water.

#### Handing and Storage Section 7

Precautions for Safe Handling: Handle as an eye respiratory tract irritant. Avoid breathing dust. Do not take internally. Conditions for Safe Storage: Store in a dry, closed container.

Section 8 **Exposure Controls / Personal Protection** 

Threshold Limit Value: Inhalable dust TLV is 10mg/m3.

Respiratory Protection: None needed in normal conditions. If dusty conditions prevail and exceed TLV, use a NIOSH/MSHA-

approved dust mask.

Ventilation: Natural ventilation or local exhaust if dusting occurs. Protective Gloves: Neoprene or latex for prolonged use. **Eve Protection:** Chemical safety goggles for prolonged use.

Other Protective Equipment: Avoid contact with skin and eyes. Avoid dust formation. Do not breathe dust. Wash hands.

Section 9 **Physical & Chemical Properties** 

Physical State: Solid

Appearance: Off-white bead material, 2.5-3mm size

Odor: No odor Melting Point: N/A **Boiling Point: N/A** 

Vapor pressure (mm Hg): N/A Solubility in Water: Essentially

Insoluble

Specific gravity: N/A

Section 10 Stability & Reactivity

Chemical Stability: Stable.

Conditions to Avoid: Protect from moisture.

Incompatible Materials: None

Hazardous Decomposition Products: None. Hazardous Polymerization: Will not occur.

# Section 11 Toxicological Information

**Effects of Overexposure:** Specific data is not available. May be harmful by ingestion or inhalation. May cause irritation. Exercise appropriate procedures to minimize potential hazards. Target organs: None known

# Section 12 Ecological Information

Data not available.

# Section 13 Disposal Considerations

This is a non-hazardous waste suitable for disposable in an approved solid waste landfill. Dispose of in accordance with Local, State, and Federal regulations.

# Section 14 Transport Information

D.O.T. Classification: Not regulated.

**UN Number:** N/A

Shipping Name: Not regulated.

Hazard Class: N/A Packing Group: N/A Marine Pollutant: N/A Exceptions: N/A

# Section 15 Regulatory Information

No specific safety, health or environmental regulations.

# Section 16 Additional Information

The information contained herein is believed to be accurate and is offered in good faith for the user's consideration and investigation. No warranty is expressed or implied regarding the completeness or accuracy of this information, whether originating from Home Science Tools or from an alternate source.

Revision Date: July 2, 2015 Supercedes: June 4, 2010
