Lab Kit for RSO Life Science This kit contains 22 of the harder-to-find items for the experiments in the R.E.A.L. Science Odyssey Level 1 Life Science. Includes magnifier, science thermometers, butterfly raising habitat with coupon for larvae, seeds, and more. Note: This kit is intended for parent/teacher use to complete curriculum lab activities with students. It includes items that are not designed or intended primarily for children ages 12 and under. !\ WARNING: CHOKING HAZARD – Small parts. Not for children under 3 years. This item is not sold separately.	<input type="checkbox"/>	1-28 Contains the "X" marked items in the quantity we recommend. Order additional items as necessary to meet your needs.	0	\$65.95	PP-KTLIFE1	_____	_____
R.E.A.L. Science Odyssey Life 1 Explore life science with this activity-packed course! Your elementary students will learn what life is and investigate cells, the human body, the animal kingdom, and the plant kingdom. Each lesson is introduced with a short amount of text that is then expanded and developed in 2-3 activities. Activities include scientific experiments (with some integration of math and graphing), arts and craft projects, and observations. You'll get to watch a caterpillar turn into a butterfly, make an animal kingdom book, learn about your own heart rate, and much more. The 28 units provide a year of science at 2-3 times per week. The textbook includes everything you need: student pages, instructor sheets, and lab sheets, plus extra resources like a materials list, glossary, and recommended books and websites. (The perforated student pages are reproducible, but extras can also be purchased separately.) Grades 1-4.	<input type="checkbox"/>	1-28 Order the curriculum if you do not already have it.	1	\$60.95	PP-LIFE1TX	_____	_____
R.E.A.L. Science Odyssey Life 1 Student Pag Order this pack of lab worksheets if don't want to photocopy the activities in the book. The worksheets encourage kids to think like scientists and even record their data with simple graphs.	<input type="checkbox"/>	1-28 Order the curriculum if you do not already have it.	1	\$30.95	PP-LIFE1SP	_____	_____
Tape measure, flexible, 150cm This flexible plastic tape measure--often used for sewing--meets many experimental measurement needs. It includes Metric units from 1 mm to 150 cm and English units from 1/16" to 60".	<input checked="" type="checkbox"/>	1 Use instead of a meter stick	1	\$1.00	ME-TAPE1	_____	_____
Magnifying glass, 2" diameter, 3X Optical glass lens with sturdy plastic handle.	<input checked="" type="checkbox"/>	1, 2, 9, 14, 16, 18, 25, 26	1	\$2.20	OP-MAGNIFY	_____	_____
